PRODUCT DESCRIPTION

Don Shoemaker

Rare parquetry rosewood table in wonderful condition, Don Shoemaker 1960.

A sculptural masterpiece by Don Shoemaker.

We have this table in our collection at the moment together with a matching sofa and chairs.

The bold design is perfectly executed in exotic timber with a vibrant grain and constructed with pegs to allow the table to flat pack (hence Safari suited).

Artistically sculpted exotic cocobolo rosewood put together in an eye catching and interesting biomorphic form.

The table is in very good vintage condition, the frames are all clean, sturdy and sound, with only some minor surface wear here and there commensurate with age.

Dimensions: 45.6" x 21.5" x 15.74".
