PRODUCT DESCRIPTION

Børge Mogensen.

Pair of vintage Spanish chairs with original leather by Børge Mogensen, Denmark, Fredericia Stolefabrik, labelled, midcentury.

A pair of labelled Børge Mogensen 's iconic armchairs in solid oak and its original restored leather.

The seat and back in patinated cognac-colored full-grain leather. Designed in 1958 and produced in the 1960s by Fredericia Stolefabrik, Denmark. The pair has been lovingly used and cared for, and is distinguished by its very own age-appropriate characteristics.

The aged 'white' oak frames show a stunning patina and finish. Contrasting hand-stitching compliment the original saddle leather which is substantial, with the right patina.

We have tried to preserve the original leather as good as possible, softened and massaged it with the appropriate fluids and lotions; some parts we repaired and re-stitched, functional parts like straps we had to replace partially to make it function.

The leather can also be replaced in full if this is requested but the original character of the pieces is the most outstanding feature of this pair.

Measures: 32.25" wide x 22" deep x 26.75" high, seat height 13.5”.

Will be crated and shipped worldwide.
