PRODUCT DESCRIPTION

Travertine.

Monolithic travertine blocks (3) in identical size/volumes with glass tops Italy.

Original mid-century set of 2 tables consisting of 3 blocks of travertine stone with 2 very thick glass tops (each 0.8" in thickness).

They look so minimalistic either as a composition of 2 tables or a cluster with 3 smaller glass tops.

The block can be used with 3 small glass tops which can be easily customized.

The existing glass tops show no chips as do the travertine blocks. They are in astonishingly good, preserved vintage condition.

Each block has about 10kg. The glass tops also add some weight.

The overall condition is good to very good. The stone blocks show no signs chipping neither do the glass tables.
